CATHOLIC COLLEGE

LANGUAGE BACKGROUND OTHER THAN ENGLISH

Part of the information that schools are required to collect for administration purposes is a record of other languages that the student may be exposed to on a regular basis.

English might be the only language spoken in the family home but students may have regular contact with Grandparents or other family members who converse in another language. The student does not necessarily have to be able to speak the language as it is the regular exposure to another language that we need to record.
